Security of Clubhouse precinct

There was a security breach of the Clubhouse precinct recently. The Clubhouse security was not penetrated, but parties external to the membership of the Club entered the Club car park via an insecure part of the external boundary fence line. The parties that entered were challenged by a member of the Club who was in attendance at the time and the intruders departed.

The intrusion has been reported to Parks Victoria, who are responsible for the fence line and they have committed to remediation of the area in order to improve the exterior boundary of the Club car park.

The Club Committee will conduct a fuller review of the local area security issues and address further improvements as necessary.

Advanced Lifesaving Camp – Applications open

The Lifesaving Services Team are now inviting applications for Life Saving Victoria's 2023 Advanced Lifesaving Camp (ALC). Applications close on Sunday 25th June.

ALC is designed to enhance the training and development of Lifesavers and Lifeguard recruits. With a strong focus on high performance, ALC combines practical learning with specialised theory to advance the skill set of all participants. The program utilises both classroom and multiple coastal locations, giving lifesavers and potential lifeguards exposure to various waterways with unique risk profiles. The aim is to ensure that all members have the knowledge and skills to apply across the diverse waterways in Victoria.

This year, LSV will be running one face to face camp. Please see details below.

Monday 19th September – Friday 23rd September 2022 at Anglesea Discovery Camp

\$600.00 *Note payment plans are available on request.

Please see below circular link for information on how to apply and the required prerequisites.

New Training courses at LSV and other Clubs.

Each week we will continue to highlight the many courses that are on the agenda from LSV (at State Centre – Port Melbourne) and at other Clubs. All of these courses are on the Member Training from Anywhere portal

Our Club goal is to have over 50% of our patrollers holding current First Aid and Advanced Resus qualifications before the start of next season.

Date	Location	Course
17 & 18 June 2023	Frankston LSC	Training Officers Certificate
17 June 2023	LSV State Centre	ART & First Aid - ARTFA
26-27 June 2023 (Monday and Tuesday)	Fairhaven SLSC	Training Officers Certificate

All of these courses are open now. If you wish to attend one of the Training Officer courses please give me a call and we can discuss. The Club will run SSV courses at the end of the season for those that need to upskill to the new qualification. SRC's are eligible to attend ART/FA courses. NON patrolling Members (Nipper parents) may also attend these courses.

In order to check your qualifications, go to your individual member account inside the SLSA Members portal and search your qualifications. It will show you your current qualifications and your last proficiency date.

While you are there, check that your Skills Maintenance has been updated. Your proficiency and expiry for Bronze Medallion should be there. If it looks as though it has not been updated, please let us know via email:

training@gunnamattaslsc.com.au

We will update the schedule of courses as they are added to the LSV listing.

See you soon,

David Stogdale
